lubricants

Run by family Driven by quality

Family business with a direct approach

Ardeca Lubricants, the own brand of the family-owned and -operated company Ardeca NV, has been a leading distributor of lubricants in and outside of Belgium ever since 1988.

Reliable dealers are happy to offer car dealers, mechanics and garage owners, technicians, DIY shops and hobbyists Ardeca Lubricants. Our vast product range contains numerous types of motor oil and greases. And don't forget our unique specialties! We can also provide products for distribution under a private label.

Made in Belgium

Our unique approach

-  Familiarity
-  Longterm partnerships
-  Respect
-  Complementarity

Ardeca values

**Quality - Flexibility
Service - Reliability**

As producer and distributor of lubricants, we are committed to upholding these four values and applying them to every product and customer relationship. They enable us to respond with great flexibility to the demands of our international and local customers. Because we have held onto this mindset for years, we have gradually been able to increase production and become a global player.

Mission

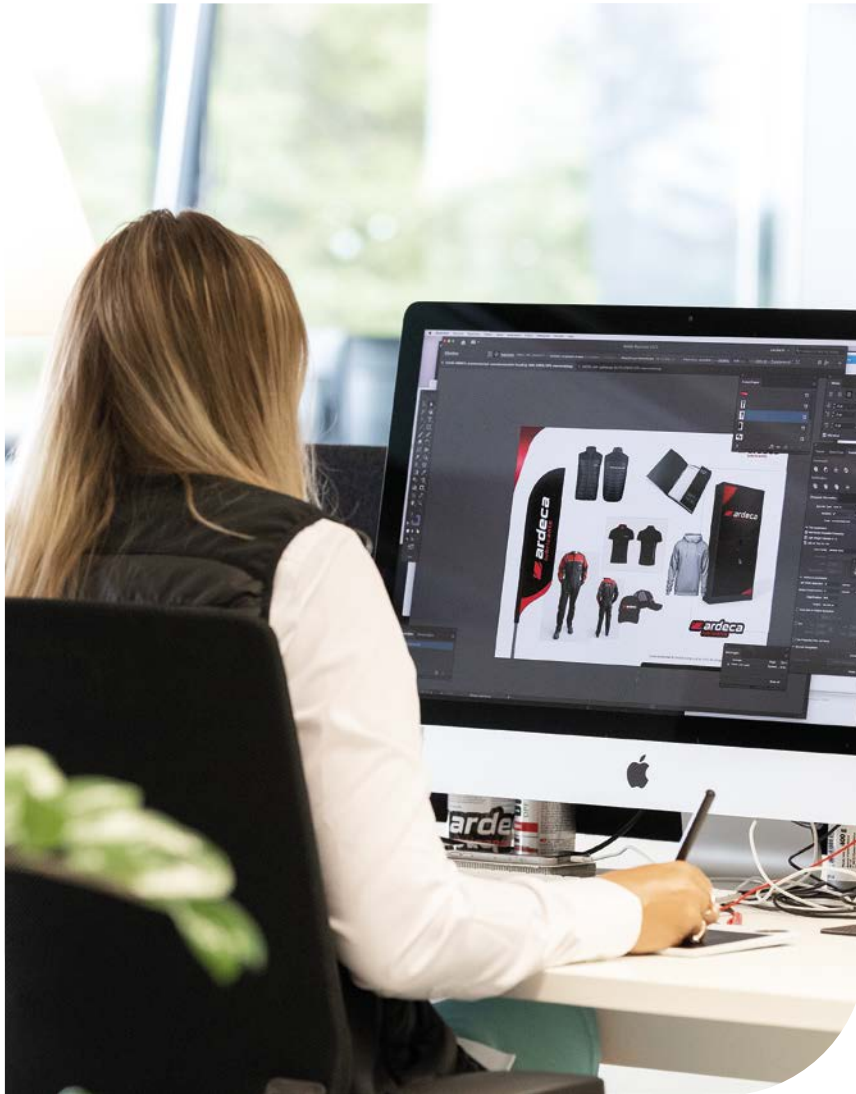

**Being an excellent choice
for a fluent future ahead...**

to ensure permanent growth, to deploy our people and resources on a continuous basis and to offer high-quality products worldwide with a well-thought-out service and family approach.

How Ardeca assures you a fluent future ahead...

- Wide range of **high-end lubricants & specialties** with more than 350 references
- Directly to the **end user**
- Optimal **organization of freight** transportation
- Flexible approach to **local legislations**
- **Exclusive** agreements per country negotiable meaning no competition among other Ardeca resellers
- Available in **flexible order quantities**
- **Reliable quality** accredited through approvals, official labels & standards
- **Modern & unique** pack sizes recently rebranded
- **Extended service & support**

Service is in our nature

We guide you through the jungle world of lubricants with extended services in logistics, administration, technical support, marketing design and so on.

- Personal language assistance (Arabic, English, German, French, Italian, Dutch, Russian, Spanish)**
- Marketing & sales support program**
- Direct technical support**
- Design services with experience in certificate and inspection. Volumes for e.g. Korean to Arabic labels**
- Website with Oilfinder assistance & dealer locator**

Quality assurance

Ardeca stands for a high-end quality level of all products and services delivered worldwide. Here an overview of the different institutions supporting us to guarantee this:

- Ardeca NV owns an **ISO 9001:2015** certificate.
- Ardeca NV has a classified export number **BE 1154**
- The Belgian **Chamber of Commerce** controls our supplier declarations of raw materials.
- Our products are of preferential **European Origin**.
- Certificates of Origin are supported by the Chamber of Commerce.
- Ardeca NV is a proud member of the **EELQMS** community, this institute strives for the right implementation of ACEA norms and specifications.
- Ardeca NV has several **annual audits** from the government and auditor in order to fulfill the local legal, social and business requirements.
- Ardeca NV is controlled by **REACH** within the European Union.
- Full tracability of our products and constant label updates are very important.

How it all started

specialist since 1988

2000

Moving from major brand trader towards own brand trader with Ardeca & Raxol

2014

Acquisition of Ardeca NV by family Vandecasteele
📍 Vichte, Belgium

2017

Acquisition Vaho GmbH + JS oil NV
📍 Germany

2018

Switch towards new ERP-system Microsoft Dynamics Navision and CRM

2019

New warehouse building with optimisation and implementation of 5S in production. Two new filling lines, for 1L & 20L.

2021

Construction of new production hall, investment of new filling line 4L & 5L and a complete new barrel filling line.

2020

Acquisition Power Oils NV (Gabriëls)
📍 Wevelgem, Belgium

2021

Acquisition Lambert Products NV
📍 Waremmes, Belgium
+ Lube&Fluid SA
📍 Issoire, France

2023

Acquisition Booster Oil BV
📍 Netherlands

2024

Implementation of scanning into logistics, warehousing and production. New filling line for 1L.

Did you know?

We owe our name to the original founders of Ardeca - Arsène, Denise and Cathérine.

Our ambition is great

We aim to ensure that our clients all over the world are able to work in a well-oiled manner.

Our ambition is great:
to work without any concessions to service.

- ▄ Garage and car workshop owners
- ▄ Transport companies
- ▄ Construction companies
- ▄ Car part distributors
- ▄ Manufacturing enterprises

We like to think along with our customers, so that we can support them in their challenges with **tailor-made logistics, packaging and technical solutions.**

A man with a beard, wearing a red long-sleeved shirt and a black watch, is reaching up to a high blue metal shelf in a warehouse. He is holding a white and black can of Ardeca paint. The shelves are filled with many similar cans of paint, some labeled 'SYNTH', 'SINTH-E', 'BIG PL', 'SPECIAL', 'GEN OIL', 'WITH-ECO', 'PORTS', 'RD-FS', 'ECO G3', and 'GEAR LS'. The lighting is dramatic, with strong highlights and deep shadows.

As Ardeca manufacturer step by step we are expanding into new markets with new products and the most flexible packaging options in comparison to Western-European competitors

Our dedicated A-team guarantees that 'everything runs smoothly'.

Our team embraces 3 important work attitude values giving us the key to success and are originally explained in our local West Flemish dialect:

**RIGHT IN THE
BULL'S EYE**

'Right in the bull's eye' or 'check' reflects the quality level of our work. Each product and/or service we deliver should consistently measure up to the highest quality standard.

1 + 1 = 3

**YOU AND ME
EQUALS THREE**

'You and me equals three' or in other words 'teamwork makes the dream work'. Together we are more successful than alone so each Ardeca member is part of the family with great passion.

6 Bft

**A STRONG DRIVE
TO MOVE FORWARD**

Lastly, we pride ourselves in having 'a strong drive to move forward' and use a '6 Bft wind' as indicator of the constant speed in which we do so. Fostering a dynamic and motivating environment allows our team to easily adapt to the constant change and movement.

Our dedicated family members

Here at Ardeca, we value people at heart. With very personal contact, we strive for a motivated team on a daily base.

Each team member is devoted and up-to-date with all of the latest product trends and factory developments.

A motivated team guarantees happy customers and at Ardeca, Oil we need is your smile!

Did you know?

Our dedicated sales team speaks 8 different languages.

Engine Oil

Analysis of the engine oil

ARDECA SYNTH-PRO SAE 0W-20

has shown that product in question meets the requirements in accordance with VW Standard 508 00 and VW Standard 509 00. This engine oil is therefore suitable for use in our vehicles with LongLife Service (petrol and diesel engines, including diesel engines with particulate traps without fuel borne catalyst) in accordance with the Owner's Literature for our products.

So that it is clear to both customers and workshops that this approval has been granted, containers should state:

"approved under VW Standard 508 00 and VW Standard 509 00"

Please note that this approval will expire on **12.10.2024** at the same time as the approval given to the reference oil.

Yours sincerely,

We are pointing out that this letter only addresses whether product reviewed meets the VW standards. We do not address or express any view on compliance with national chemical inventories, the marketability in any sales market or the compliance with local chemical substances laws and/or applicable laws. Responsibility for compliance with such legal requirements falls to the engine oil maker, importer or distributor. It is pointed out that approvals from Volkswagen for manufacturers and distributors are granted on the basis of confirmation of compliance with the requirements of Volkswagen Group concerning sustainability in the relations with business partners. That includes environmental protection, human rights and labor rights of employees, transparent business practices, fair market behavior, duty of care to promote responsible raw materials supply chains, integration of sustainability requirements in organization and processes. MB-Approval Certificate - New Approval - Engine Oil - Rebrand
MB-Approval 228.51 for: "ardec PRO-TEC X 10W40"
Oil-Code: P20191-ARD, SAE-Grade: 10W-40

Dear Sir or Madam,

The aforementioned operating fluid complies with the requirements of the Mercedes-Benz Specifications for Operating Fluids, sheet 228.51 and is therefore approved for the respective Mercedes-Benz vehicles and assemblies. The application range is shown on the MB sheet and further defined on the sheet 223.2. Further requirements, e.g. SAE grades, capacities, change intervals etc. must also be observed.

The following regulations apply for the MB-Approval:

- The MB-Approval comes into force on the date shown on this certificate
- The MB-Approval will expire in 5 years at the latest
- The MB-Approval automatically terminates on expiry of the validity period at the latest
- The MB-Approval is only valid as long as the product name is listed in MB BeVo-ONLINE <http://bevo.mercedes-benz.com>
- Applications for renewals or new approvals etc. must be made in good time
- In addition, the regulations laid down in the current "Obligations Regarding Approval for Operating Fluids" contract apply.

A 2-liter back-up sample of each formulation, which can be called upon by Mercedes-Benz AG at any given moment, must be retained. We will inform you of the dispatch address.

Sincerely
Mercedes-Benz AG

MB-Approval Certificate - New Approval - Engine Oil - Rebrand
MB-Approval 228.51 for: "ardec PRO-TEC X 10W40"
Oil-Code: P20191-ARD, SAE-Grade: 10W-40

Dear Sir or Madam,

The aforementioned operating fluid complies with the requirements of the Mercedes-Benz Specifications for Operating Fluids, sheet 228.51 and is therefore approved for the respective Mercedes-Benz vehicles and assemblies. The application range is shown on the MB sheet and further defined on the sheet 223.2. Further requirements, e.g. SAE grades, capacities, change intervals etc. must also be observed. The following regulations apply for the MB-Approval:

- The MB-Approval comes into force on the date shown on this certificate
- The MB-Approval will expire in 5 years at the latest
- The MB-Approval automatically terminates on expiry of the validity period at the latest
- The MB-Approval is only valid as long as the product name is listed in MB BeVo-ONLINE <http://bevo.mercedes-benz.com>
- Applications for renewals or new approvals etc. must be made in good time
- In addition, the regulations laid down in the current "Obligations Regarding Approval for Operating Fluids" contract apply.

A 2-liter back-up sample of each formulation, which can be called upon by Mercedes-Benz AG at any given moment, must be retained. We will inform you of the dispatch address.

Sincerely
Mercedes-Benz AG

i.v. Ralf Krukenberg *J. Jochen Betsch*

Ardeca Ypres Rally

We are name partner of our annual rallying event Ardeca Ypres Rally since 2021.

Our annual rallying event in a nutshell...

1. Historical routes of Ypres

2. Folk fest & conviviality

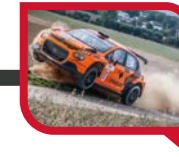

3. Animation & performances

In 2022 Ardeca Ypres Rally had it's first World Rally Championship (WRC) edition, concluded at the Spa-Francorchamps circuit.

What a thrilling rally it was - a handful of nail-biting moments, deceptive turns and rather capricious weather. To everyone's surprise it was Estonian rally driver and 2019 World Rally Champion, Ott Tänak, that took the crown that year. Defeating seasoned drivers such as Thierry Neuville and Adrian Fourmaux...

In 2024 we welcomed more than 1000 rally believers and Ardeca customers for this magnificent event!

Ardeca Ypres Rally

Global exhibition presence

Let's connect and get in touch with each other.

In the past Ardeca organised exhibitions at Automechnika Frankfurt, Dubai and Shanghai, Autoexpo in Kenya, AAPEX in USA. Stay tuned and ask your sales rep for the upcoming events!

LUBRICANTS

ARDECA LUBRICANTS — TECHNICAL UPDATES

Rooted in tradition, yet always looking forward.

At Ardeca Lubricants, our family's commitment is to deliver excellence in every drop. We pride ourselves on constantly evolving to meet the dynamic needs of your vehicles.

We're excited to tell you about some **important changes and improvements** we've made to our product catalog to ensure your machinery and vehicles continue to operate at their optimal best.

EXPANDED API SP LINE-UP

In the passenger car segment, we've **broadened** our top-notch products. These are summarized

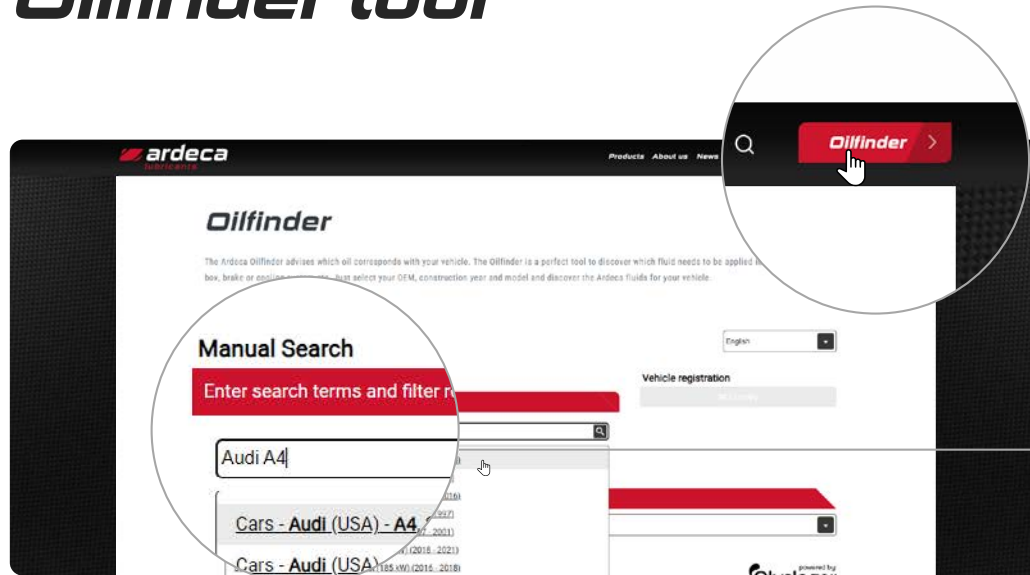

SYNTH-CS 0W20
SYNTH-SP 0W30
SYNTH-ECO BLUE 0W20
SYNTH-ECO G2 0W20 > SYNTH-ECO G3 0W20
SYNTH-ECO G2 5W20 > SYNTH-ECO G3 5W20
SYNTH-ECO G2 5W30 > SYNTH-ECO G3 5W30

Products now meet the DEXOS 1 GEN 3 standard. This means it gives better protection while it's still fully compatible with the older version. All product labels will soon be updated to reflect the DEXOS 1 GEN 3 certification.

ROLL-OUT OF NEW ACEA STANDARDS E8 AND E11

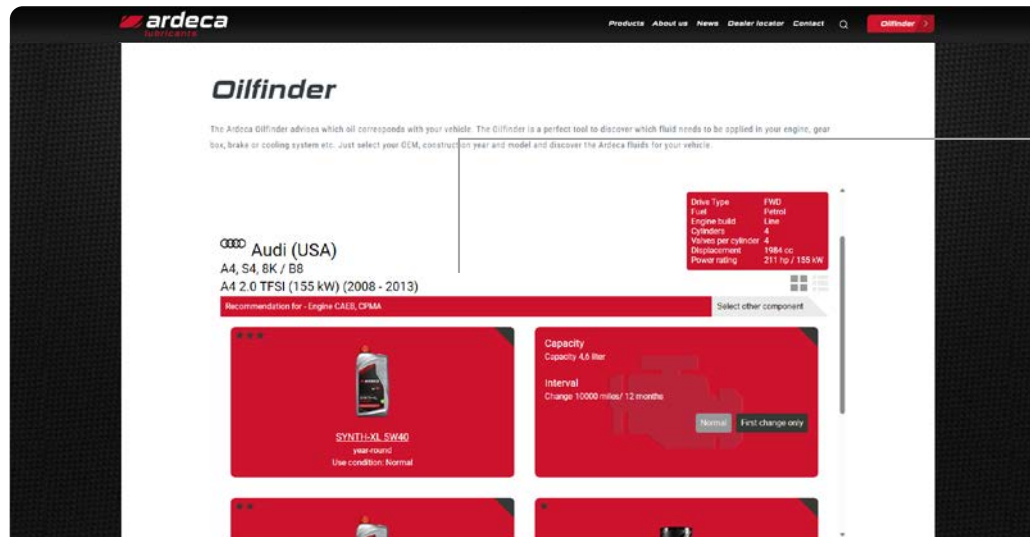

After introducing the new **ACEA Oil Sequences update** for Heavy Duty Engine Oils in May 2022, we have now added the **following improvements:**

Oilfinder tool

1. Start by clicking the Oilfinder button

2. Enter search terms and filter results

3. Discover which fluid needs to be applied in your engine, gear box, brake or cooling system etc.
